1. Summary of our assessment

We have assessed that:

- Our discounted variable rate product range continues to meet the needs, characteristics, and objectives of customers in the identified target market.
- The intended distribution strategy remains appropriate for the target market.
- The Product provides fair value to customers in the target market (i.e. the total benefits are proportionate to total costs).

2. Product characteristics & benefits

The products are designed to meet the needs of the target group, most notably customers that would benefit from a payment rate less than Cumberland Building Society standard variable rate (SVR) for a defined initial period. The product features and criteria are designed to support these needs.

- Available to Home movers, First time Buyers, Re-mortgage, Additional Borrowing & Product Switch
- Choice of repayment methods, Repayment, interest only (subject to lending criteria) or part and part repayment.
- Mortgage Terms of up to 40 years
- The ability to port your mortgage product rate to a new home without incurring Early repayment charges (subject to lending criteria at the time)
- The ability to overpay on your mortgage without penalty, up to 10% of your outstanding mortgage balance per calendar year.

3. Target market assessment and distribution strategy

This target market assessment matrix segments the target customers for the Product, recognising their different needs to enable you to tailor the services you provide when you distribute the Product.

4. Customers with characteristics of vulnerability

The Product is designed for customers who would benefit from a fixed monthly repayment for a defined period of time, which is likely to include some customers with characteristics of vulnerability or who will experience vulnerability over time.

Younger customer or First Time Buyers are potentially less likely to have a comprehensive understanding of mortgages or the current mortgage market. Therefore, they may require additional advice and support to ensure they understand the information being presented to them and the implications of the arrangement they are entering into to reduce the risk of harm occurring.

We considered the needs, characteristics, and objectives of customers with characteristics of vulnerability at all stages of the design process for this Product to ensure the Product meets their needs.

We have also tested the Product to assess whether it will meet the identified needs, characteristics, and objectives of the target market, including customers in the target market who have characteristics of vulnerability.

We have a business framework to achieve good outcomes for vulnerable customers, which includes:

- Group training to ensure colleagues have the knowledge and skills in relation to identification, treatment and consideration of customer vulnerability.
- Defined processes for tracking, review, contact strategy, desired outcome and data update.

Intermediaries should continue to comply with your obligations to ensure that you treat customers in vulnerable circumstances fairly.

Please contact us if you need any further information about how we support the needs of all our customers in relation to the Product.

5. Our assessment of value

We have developed a comprehensive and robust assessment process which evaluates several aspects of our business to determine the value of our mortgage product. This analysis is used to ascertain whether the Product delivers fair value for customers.

The outcomes of the assessment process are presented to our Product & Pricing Committee allowing for challenge and further investigation before we sign-off the outcomes and share the summary of our assessment with you.

Our fair value assessment has considered the following:

Benefits	Price	Costs	Limitations
The range of features that the products provide, the quality of the products, the level of customer service hat is provided and any other features that the products mat offer.	The interest rates, fees and charges customers pay for the products, comparable market rates, advice fees paid to the intermediaries and non financial costs associated with operating the products	The cost of funding the products	Any limitations on the scope and service of the product or the features of the product.

Results of our assessment

Our assessment concluded that the Product continues to deliver fair value for customers in the target market for the Product.
