I. Valuation

Please read this section carefully

We will assess the suitability of the property for mortgage purposes by a valuation or other means. If we do not carry out a valuation, or you are transferring your mortgage to us, we will not provide you with a copy of a valuation report. If we need a valuation report on the property we will ask a suitably qualified person to prepare this for us. This basic mortgage valuation report is designed to allow us to assess how suitable the property is as a security for the proposed loan. It is based on a limited inspection and does not contain all the information you will need about the property as the prospective owner and occupier of the property.

There may be serious faults in the property which the basic mortgage valuation report does not reveal and there may be things missed out which do not matter to us but which would matter to you.

You must not rely on this report in any way when deciding whether or not to buy the property.

Neither we nor the valuer accept any responsibility to you or any other person for the basic mortgage valuation report, even if the valuer has been at fault in his or her limited inspection or report. Neither we nor the valuer will say whether the purchase price is reasonable.

The basic mortgage valuation report is not a building survey or a HomeBuyer Report, both of which need a much more detailed inspection and give much more information about the property. You will need to pay higher fees for these.

You should consider whether to arrange for a HomeBuyer Report or a building survey to be undertaken separately.

As explained in our leaflet, where we charge for a basic mortgage valuation, the fee for this must be paid before the valuation is carried out.

How can the valuer gain access to the property?
