Holiday Let Mortgages

FOR INTERMEDIARY USE ONLY
EFFECTIVE JUNE 2024

Our intermediary team

Our Intermediary team is made up of experts in holiday let lending. We pride ourselves on offering a fast, efficient, and straight-forward service to help you find the best lending option for your client.

We consider cases that many other lenders don't, including multiple letting units on one title, properties across split titles and more. We also lend where the applicants wish to purchase through a limited company set up as an SPV for housing their portfolio.

We can only accept mortgage applications from intermediaries who are regulated by the Financial Conduct Authority (either directly authorised or as appointed representatives).

Making an initial enquiry and registering with us

For a new enquiry please contact us directly to discuss the basic details of the application via phone or email. One of our relationship managers will confirm if the case appears to be one we can consider and answer any queries you may have before proceeding with a full application.

You will find our rates and fees on our website [here](#). You can also view our lending criteria [here](#).

If you have not yet registered your company with the Cumberland, you will find our registration process [here](#). Please give us a call if you have any questions.

We won't ask you to register with us until you submit your first full application.

Request an ESIS / Mortgage Illustration

Think we're a good match? It's time to submit an ESIS request. You can download our ESIS request form [here](#). Please send the completed form to your relationship manager who will provide you with the ESIS.

Alternatively, you can submit a full application [here](#).

We have outlined in the table below the minimum submission requirements for an application. Additional documentation or information may be required for a final underwriting decision.

Solicitor Panel

SOLE TRADERS & PARTNERSHIPS

We operate a panel system for solicitors and licensed conveyancers for sole trader and partnership applications. We require the chosen firm to be on this panel. To check if your client's choice is on our panel, please check our solicitors panel on our [website](#).

For sole or joint applications, if the chosen firm is not on our panel we can invite them to join at your request. Please provide the details to your relationship manager who will confirm whether the firm meets the requirements to be added.

Please note - adding firms to our panel can delay the mortgage process. If the chosen firm cannot be added to the panel and your client does not wish to use one of the 500 firms listed, separate legal representation is required which comes at an additional cost to the borrower. Please speak to a relationship manager for details.

LIMITED COMPANY SPV

We use a select panel of solicitors for limited company SPV legal work. One of the firms will act for the Cumberland in a Limited Company SPV transaction.

The borrower has the choice of instructing the same solicitor as The Cumberland (joint representation), or they can choose their own solicitor (separate representation).

Please note that the borrower is responsible for all legal costs. If separate legal representation is chosen, they are also liable for The Cumberland's own legal fees in the transaction. For estimate fees and contact details of solicitor, please contact your relationship manager in the first instance.

We're here to help

Thank you for choosing The Cumberland. If you have any questions throughout the application process, please let us know. Our team would be more than happy to help.
