7. Mortgage Requirement

Mortgage Amount & Repayment Term:

How much would you like to borrow?	£	Over how many years would you like to repay your loan?	
------------------------------------	---	--	--

Repayment method:

Repayment		Interest only		Product	
-----------	--	---------------	--	---------	--

Repayment Mortgage

With a repayment mortgage, each monthly payment you make consists of two parts, interest on the loan and repayment of part of the capital of the loan. With this type of mortgage you gradually pay off the amount you have borrowed, as well as the interest, over the term of the mortgage.

Interest Only Mortgages

It is very important that you understand the implications of an interest only mortgage.

- With an interest-only mortgage, your monthly payments do not repay any of the amount you have borrowed (which in this section we call the “loan”). They only cover the interest on the loan.
- It is your responsibility to make sure that you have suitable arrangements to repay your loan by the end of the agreed term.
- If you want to repay your loan with an investment policy (for example, an endowment, ISA, PEP or pension), you should be aware of the following:
 - The policy’s value when it ends is not normally guaranteed.
 - It is your responsibility to pay the premiums directly to the life assurance company or other provider. If you do not pay the premiums, there will not be enough money to repay the interest only loan at the end of the agreed term.
 - We recommend that you contact the life assurance company or other provider regularly to check that the current predicted maturity values of the policy are enough to repay the loan within the agreed term of the mortgage.
 - Each year, you should receive a statement from your life assurance company or other provider telling you how your policy has performed. It is very important that you monitor the performance of your policy and get advice if the predicted amount payable on maturity falls below the loan amount the policy is intended to repay.
 - A change in your personal circumstances, or changes in economic conditions which could reduce the return on investment policies, may make an interestonly loan less appropriate. We strongly recommend that you regularly review whether or not an interest only loan is still appropriate for you.
 - If you surrender or stop paying premiums into an investment policy, you may not get back what you have paid into the policy and you may lose valuable life cover. You would also need to make other arrangements to repay the loan amount within the agreed mortgage term.
- You must tell us below how you want to repay your loan. If your circumstances change and you will no longer be able to repay the loan in this way, it is your responsibility to make other arrangements to repay the amount by the end of the agreed mortgage term.
- If you cannot repay the full interest-only loan amount at the end of the agreed term, you will still have to pay the outstanding balance. Your remaining loan will have to be transferred to the capital and interest basis over a new term or you will have to sell your property to repay the money you owe us.

If all or part of your mortgage is to be on an interest only basis, how do you plan to repay this amount?

9. Valuation

Please read this section carefully.

We will assess the suitability of the property for mortgage purposes by a valuation or other means. If we do not carry out a valuation, or you are transferring your mortgage to us, we will not provide you with a copy of a valuation report. If we need a valuation report on the property we will ask a suitably qualified person to prepare this for us. This basic mortgage valuation report is designed to allow us to assess how suitable the property is as a security for the proposed loan. It is based on a limited inspection and does not contain all the information you will need about the property as the prospective owner and occupier of the property. There may be serious faults in the property which the basic mortgage valuation report does not reveal and there may be things missed out which do not matter to us but which would matter to you.

You must not rely on this report in any way when deciding whether or not to buy the property.

Neither we nor the valuer accept any responsibility to you or any other person for the basic mortgage valuation report, even if the valuer has been at fault in his or her limited inspection or report. Neither we nor the valuer will say whether the purchase price is reasonable.

The basic mortgage valuation report is not a building survey or a HomeBuyer Report, both of which need a much more detailed inspection and give much more information about the property. You will need to pay higher fees for these.

You should consider whether to arrange for a HomeBuyer Report or a building survey to be undertaken separately.

We charge for a basic mortgage valuation for loans above £750,000. The fee for this must be paid before the valuation is carried out.

How can the valuer gain access to the property? Contact estate agent

- The repayment method I have chosen is the most suitable for my circumstances.
- If I make my payment by Direct Debit or internal transfer account will be debited with the new monthly payment without any further notice being given once the additional loan has started.

- I agree to you transferring or otherwise passing on the benefit of any loan, mortgage and other security for the loan to any other organisation, for example, a building society or associated company of a building society, without contacting me. I acknowledge that if this transfer took place I would no longer be a borrowing member of the Society.

- I understand that you may make periodic search of Cumberland Group records, credit reference and fraud prevention agencies to manage my account with you, to take decisions regarding credit, including whether to make credit available or to continue to extend existing credit. The searches will not be seen or used by lenders to assess my ability to obtain credit.
